**DENSITY: 9.2 lb/gal at 68 °F**

**PRODUCT INFORMATION**

For best results apply *FORMATION 828* in the root zone. *FORMATION 828* is compatible with most chemicals and fertilizers. A jar test is recommended before mixing *FORMATION 828* with other products. *FORMATION 828* can be applied to all agricultural crops.

**DIRECTIONS FOR USE**

Apply *FORMATION 828* through the irrigation system. Flood, sprinkler, micro-sprinkler, drip and other irrigation systems may be used. Agitate *FORMATION 828* completely in the mix tank prior to use. It is recommended to inject *FORMATION 828* in the middle third of the irrigation cycle to maximize nutrient distribution in the plant root zone. If other products are also being applied, make sure they are fully dissolved and mixed in the tank prior to adding *FORMATION 828*.

**APPLICATION RATE RECOMMENDATIONS**

**ANNUAL CROPS**

Crops include but are not limited to leafy vegetables, strawberries, fruiting vegetables, cucurbit vegetables, root and tuber, carrot and bulb vegetables. Apply 3-6 gallons per acre in the transplant water or through the irrigation at time of planting to get the product to the root zone as a starter application. In season apply 6-24 gallons per acre beginning 2-4 weeks after emergence or transplant establishment and continuing on 3-4 week intervals through critical development stages (flowering, fruit set, and sizing period).

**PERENNIAL CROPS**

Crops include but are not limited to all cane and vine crops, citrus crops, nut crops, stone and pome fruit crops.

**Soil Application - Fall:** Apply 12-24 gallons per acre in the fall through the irrigation system while the roots are still growing.

**Soil Application - In-season:** Apply 12-24 gallons per acre at initial root flush period. Subsequent applications should be made at monthly intervals at 6-24 gallons/A at key crop development stages.

**Do not exceed 48 gallons FORMATION 828 per acre per season.**

**STORAGE & DISPOSAL**

Store product in original container tightly closed, upright, in a dry place. **DO NOT** contaminate water, food or feed by storage or disposal. Triple rinse or equivalent and dispose of container in accordance with local, state and federal regulations.

**WARRANTY, DISCLAIMER AND LIMITATION OF DAMAGES**

INNICTIS BioScience Plant Health Technologies warrants only that this product conforms to the product description on the label and is reasonably fit for the purposes stated in the Directions For Use. The Directions for Use of this product are believed to be adequate and must be followed carefully. It is, however, impossible to eliminate all risks associated with this product. Crop injury, ineffectiveness, or other unintended consequences may result due to such factors as weather conditions, presence or absence of other materials, or the manner or use or application, all of which are beyond the control of INNICTIS BioScience Plant Health Technologies. All such risks must be assumed by the buyer or user. Except as warranted on this label, INNICTIS BioScience Plant Health Technologies makes no representation, warranty or guarantee, whether expressed or implied including, but not limited to, warranty of merchantability, fitness for a particular purpose, or otherwise. No agent or representative of INNICTIS BioScience Plant Health Technologies or the seller of the product is authorized to amend the terms of this Warranty disclaimer or the product's label or to make a representation or recommendation different or inconsistent with the label of this product. To the extent consistent with applicable law, INNICTIS BioScience Plant Health Technologies' maximum liability for breach of its warranty or for use of this product, regardless of the form of action, shall not exceed the purchase price of this product. To the extent permitted by applicable law, INNICTIS BioScience Plant Health Technologies shall not be liable for consequential, special or indirect damages resulting from the use, handling, application, storage, or disposal of this product or for damages in the nature of penalties, and the buyer and the user waive any right that they may have to such damages. If the warranty and liability limitations or disclaimer are not acceptable, return the unopened container to the place of purchase for full refund. To the extent not inconsistent with applicable law or the label, the purchase, delivery, acceptance and use of this product by the buyer is subject to the terms and conditions of seller's sales invoice for this product.
