PRODUCT INFORMATION

NAVIGATOR HC is a superior blend of highly refined paraffinic oil and non-ionic surfactants. The product is designed for use with a broad range of pesticides where an oil concentrate adjuvant is recommended. *NAVIGATOR HC* combines crop oil and surfactant characteristics to improve wetting, spreading and penetrating properties while also reducing evaporation time to allow the active ingredient a better opportunity to perform its intended function.

DIRECTIONS FOR USE

To prepare for pesticide application, fill spray tank one-half full with water and begin agitation. Add pesticide or fertilizer as recommended and then add *NAVIGATOR HC*, while continuing agitation. Continue to agitate, until tank is full and agitate before and during each application.

NOTE: The effect of any adjuvant on a chemicals performance is not predictable under all conditions of weather, plant vigor, application methods and even water types. The user should consult his local agricultural extension agent or make his own tests to determine the optimum level of *NAVIGATOR HC* for special pesticide spray and crop.

SUGGESTED USE RATES

Ground, Aerial, Low volume, CDA:

Use 2-4 pints per 100 gallons water or 0.25-0.50% v/v concentration.

Always follow pesticide label recommendations. Care should be taken in treating sensitive crops during drought stress, high temperatures and high humidity.

STORAGE AND DISPOSAL

DO NOT contaminate water, food, or feed by storage or disposal.

STORAGE: Store product in original container only, away from other pesticides, fertilizers, food or feed.

DISPOSAL: Wastes resulting from the use of this product must be disposed of on-site or at an approved waste disposal facility. Dispose of contents / container in accordance with local / regional / national regulations. Triple rinse (or equivalent) during mixing and loading. Recycling decontaminated containers is the best option of container disposal. The Agricultural Container

Recycling Council (ACRC) operates the national recycling program. To contact your state and local ACRC recycler, visit the ACRC web page at www.acrcycle.org. Decontaminated containers may also be disposed of in a sanitary landfill.
