SHAKE WELL BEFORE USE
WARNING
KEEP OUT OF REACH OF CHILDREN

PRECAUTIONARY STATEMENTS

If medical advice is needed, have product container or label at hand.
Keep out of reach of children.
Read label before use.

HAZARD STATEMENTS

May be harmful in contact with skin.
Causes mild skin irritation.
Causes eye irritation.
May be harmful if inhaled.

Prevention:

Wash hands, face and other affected areas thoroughly after handling.

Response:

Call a POISON CENTER or doctor/physician if you feel unwell.
IF INHALED: Remove person to fresh air and keep comfortable for breathing. Call a POISON CENTER or doctor/physician if you feel unwell.

If skin irritation occurs: Get medical advice/attention.

IF IN EYES: Rinse cautiously with water for several minutes.

Remove contact lenses, if present and easy to do. Continue rinsing.

If eye irritation persists: Get medical advice/attention.

Remove contact lenses, if present and easy to do. Continue rinsing.

If eye irritation persists: Get medical advice/attention.

NUTRIENT MANAGEMENT ENHANCEMENT

PRODUCT INFORMATION

ANOVA 5-0-0 is specifically formulated for use in high phosphate materials commonly used in the row as a “starter” or “pop-up” fertilizer. It is compatible with *CAPTIVATE* and other high phosphate fertilizers.

ANOVA 5-0-0 when used in a regular soil fertilization program supplies nitrogen to the seedling at a critical growth stage.

DIRECTIONS FOR USE

ANOVA 5-0-0 is designed for foliar, soil, and chemigation application. Apply by a spray method and in an adequate amount of water that will provide complete coverage of the plants.

CAUTION: CHECK COMPATIBILITY WHEN MIXING WITH HIGH PHOSPHATE “STARTER” OR “POP-UP” FERTILIZER MATERIALS SUCH AS 10-34-0.

ANOVA 5-0-0 will disperse in water with minimal agitation. The rate of application will depend on the crop, stage of growth, and severity of deficiency.

Do not apply undiluted.

Do not exceed the recommended rate.

Not for use as a seed treatment.

This product is generally absorbed and rainfast within 2-6 hours. Absorption rate depends on local temperature, humidity, crop type and crop condition.

For application to agricultural crops or soil only. Not for use as a food or livestock feed additive.

SHAKE WELL BEFORE USE.

GENERAL APPLICATION RATE RECOMMENDATIONS

Foliar Applications:

½ to 4 pints per acre

Apply during the growth cycle of the plant.

Applications may be repeated up to 6 times per growing season.

Apply in water volume for sufficient coverage of plant foliage.

With Starter Fertilizer or other Soil Applied Fertilizers:

½ to 2 pints per acre

This product is safe for use as a pre-plant incorporated treatment with fertilizer or an in-furrow treatment mixed with starter fertilizer.

Use a jar test to check compatibility with specific fertilizers or other products prior to mixing in the spray tank.

STORAGE AND DISPOSAL

Storage: Store between 40 – 95 °F

Disposal: Dispose of contents/container to Local, State and Federal Regulations.

In case of spill, clean up with absorbent material.

This product may be corrosive to aluminum, mild steel and brass. Store in HDPE (high-density reinforced plastic, or stainless steel containers. Use only stainless steel, P.V.C., or polypropylene fittings.

Information regarding the contents and levels of metals in this product is available on the internet at <http://www.aapfco.org/metals.html>

WARRANTY, DISCLAIMER AND LIMITATION OF DAMAGES

Innqvictis BioScience Plant Health Technologies warrants only that this product conforms to the product description on the label and is reasonably fit for the purposes stated in the Directions For Use. The Directions for Use of this product are believed to be adequate and must be followed carefully. It is, however, impossible to eliminate all risks associated with this product. Crop injury, ineffectiveness, or other unintended consequences may result due to such factors as weather conditions, presence or absence of other materials, or the manner or use or application, all of which are beyond the control of Innqvictis BioScience Plant Health Technologies. All such risks must be assumed by the buyer or user. Except as warranted on this label, Innqvictis BioScience Plant Health Technologies makes no representation, warranty or guarantee, whether expressed or implied including, but not limited to, warranty of merchantability, fitness for a particular purpose, or otherwise. No agent or representative of Innqvictis BioScience Plant Health Technologies or the seller of the product is authorized to amend the terms of this Warrant recommendation different or inconsistent with the label of this product. To the extent consistent with applicable law, Innqvictis BioScience Plant Health Technologies's maximum liability for breach of its warranty or for use of this product, regardless of the form of action, shall not exceed the purchase price of this product. To the extent permitted by applicable law, Innqvictis BioScience Plant Health Technologies shall not be liable for consequential, special or indirect damages resulting from the use, handling, application, storage, or disposal of this product or for damages in the nature of penalties, and the buyer and the user waive any right that they may have to such damages. If the warranty and liability limitations or disclaimer are not acceptable, return the unopened container to the place of purchase for full refund. To the extent not inconsistent with applicable law or the label, the purchase, delivery, acceptance and use of this product by the buyer is subject to the terms and conditions of seller's sales invoice for this product.
