

DEVIATOR™

ACTIVE INGREDIENTS:

PolySuccimide with low molecular weight
organic acids including polyphenols and
other carboxylic acids group 44.4%

Inert Ingredients: 55.6%

TOTAL 100.0%

HAZARD STATEMENTS

May be harmful if swallowed.
Causes mild skin irritation.
Causes eye irritation.

PRECAUTIONARY STATEMENTS

If medical advice is needed, have product container or label at hand.
Keep out of reach of children.
Read label before use.

Prevention

Wash hands, forearms, face thoroughly after handling.

Response

Call a POISON CENTER or doctor/physician if you feel unwell.

IF IN EYES: Rinse cautiously with water for several minutes.

Remove contact lenses, if present and easy to do. Continue rinsing.

If eye irritation persists: Get medical advice/attention.

If skin irritation occurs: Get medical advice/attention. Take off contaminated clothing and wash it before reuse.

In case of emergency call CHEMTREC 1-800-424-9300

WARNING

KEEP OUT OF REACH OF CHILDREN

NET CONTENTS: 2.5 Gal (9.46 L)

NET WEIGHT: 24.75 lb (11.68 kg)

DENSITY: 10.3 lb/gal @ 68°F

NUTRIENT MANAGEMENT ENHANCEMENT

**INNVICTIS
BIOSCIENCE®**
PLANT HEALTH TECHNOLOGIES

PRODUCT INFORMATION

DEVIATOR is a water soluble, biodegradable, non-toxic additive used for application with phosphate containing fertilizers. **DEVIATOR** utilizes multiple technologies to aid in plant availability of phosphate in the soil for uptake by the plant. **DEVIATOR** does not contain phosphate and is not a substitute for phosphate in phosphate use recommendations from crop advisors.

DIRECTIONS FOR USE

DEVIATOR can be impregnated onto dry phosphate fertilizers or mixed directly with liquid phosphate fertilizers that are applied preplant, in furrow, or side dress.

Use in accordance with label instructions and/or the recommendations of a qualified individual or institution such as, but not limited to, a certified crop advisor, agronomist, university crop extension publication, or apply according to recommendations in your approved nutrient management plan.

APPLICATION RATE RECOMMENDATIONS

DRY FERTILIZER: Apply **DEVIATOR** at 2-4 quarts per ton of phosphate fertilizer.

Mixing instructions: **DEVIATOR** should be sprayed on granular phosphate fertilizers to make phosphate more available to the plant. **DEVIATOR**, with application, can be applied as fertilizer is transferred into bulk storage or during custom fertilizer blending. Spray (do not pour) **DEVIATOR** evenly onto dry granular phosphate fertilizers. Check viscosity of **DEVIATOR** prior to spraying in cold conditions. Ensure **DEVIATOR** is applied to phosphate fertilizer during custom blending before adding additional components of the blend.

LIQUID FERTILIZER: Apply **DEVIATOR** at 1/2-4 gallons per 100 gallons of liquid phosphate fertilizer.

Mixing instructions: Add one half the desired amount of liquid fertilizer to the spray tank ensuring agitation is turned on. Add the required amount of **DEVIATOR** to the tank while continuing agitation. Add the remainder of the liquid fertilizer while continuing agitation to ensure that **DEVIATOR** is thoroughly mixed in to the liquid fertilizer solution.

STORAGE & DISPOSAL

Store product in original container tightly closed, upright, in a dry place. **DO NOT** store in excessive cold or heat. **DO NOT** reuse container. **DO NOT** contaminate water, food or feed by storage or disposal. Triple rinse or equivalent and dispose of container in accordance with local, state, and federal regulations.

WARRANTY, DISCLAIMER AND LIMITATION OF DAMAGES

INNICTIS Bioscience Plant Health Technologies warrants only that this product conforms to the product description on the label and is reasonably fit for the purposes stated in the Directions for Use. The Directions for Use of this product are believed to be adequate and must be followed carefully. It is, however, impossible to eliminate all risks associated with this product. Crop injury, ineffectiveness, or other unintended consequences may result due to such factors as weather conditions, presence or absence of other materials, or the manner or use or application, all of which are beyond the control of INNICTIS Bioscience Plant Health Technologies. All such risks must be assumed by the buyer or user. Except as warranted on this label, INNICTIS Bioscience Plant Health Technologies makes no representation, warranty, or guarantee, whether expressed or implied including, but not limited to, warranty of merchantability, fitness for a particular purpose, or otherwise. No agent or representative of INNICTIS Bioscience Plant Health Technologies or the seller of the product is authorized to amend the terms of this warranty disclaimer or the product's label or to make a representation or recommendation different or inconsistent with the label of this product. To the extent consistent with applicable law, INNICTIS Bioscience Plant Health Technologies maximum liability for breach of its warranty or for use of this product, regardless of the form of action, shall not exceed the purchase price of this product. To the extent permitted by applicable law, INNICTIS Bioscience Plant Health Technologies shall not be liable for consequential, special, or indirect damages resulting from the use, handling, application, storage, or disposal of this product or for damages in the nature of penalties, and the buyer and the user waive any right that they may have to such damages. If the warranty and liability limitations or disclaimer are not acceptable, return the unopened container to the place of purchase for full refund. To the extent not inconsistent with applicable law or the label, the purchase, delivery, acceptance and use of this product by the buyer is subject to the terms and conditions of seller's sales invoice for this product
