NUTRIENT MANAGEMENT ENHANCEMENT

PRODUCT INFORMATION

Revv-up G is for bulk dry fertilizer impregnation.

DIRECTIONS FOR USE

The impregnation process must be done at a commercial fertilizer or retailer that is equipped for this type of procedure. The delivery nozzles must be placed inside the mixer and positioned to provide uniform spray coverage of the tumbling fertilizer. Although not required, it is recommended that a dye be added to *Revv-up G* to differentiate the impregnated fertilizer from the non-treated fertilizer. After *Revv-up G* has been applied to the fertilizer, continuously mix the fertilizer in the mixer for as long as needed to ensure uniform prill coverage.

Application Method & Rates Detail

For broadcast applications equal to 300 lbs per acre or greater, follow the recommended use rate of 1 to 1.5 qts per ton. 100% overlap is recommended; non-uniform spreading may result in unsatisfactory performance.

Consult your local crop advisor for other rate applications.

STORAGE & DISPOSAL

Store product in original container tightly closed, upright, in a dry place (40°-95° F) out of direct sunlight. **DO NOT** store in excessive cold or heat. **DO NOT** reuse container. **DO NOT** contaminate water, food or feed by storage or disposal. Triple rinse or equivalent and dispose of container in accordance with local, state, and federal regulations.

WARRANTY, DISCLAIMER AND LIMITATION OF DAMAGES

INNICTIS BioScience Plant Health Technologies warrants only that this product conforms to the product description on the label and is reasonably fit for the purposes stated in the Directions for Use. The Directions for Use of this product are believed to be adequate and must be followed carefully. It is, however, impossible to eliminate all risks associated with this product. Crop injury, ineffectiveness, or other unintended consequences may result due to such factors as weather conditions, presence or absence of other materials, or the manner or use or application, all of which are beyond the control of INNICTIS BioScience Plant Health Technologies. All such risks must be assumed by the buyer or user. Except as warranted on this label, INNICTIS BioScience Plant Health Technologies makes no representation, warranty, or guarantee, whether expressed or implied including, but not limited to, warranty of merchantability, fitness for a particular purpose, or otherwise. No agent or representative of INNICTIS BioScience Plant Health Technologies or the seller of the product is authorized to amend the terms of this Warranty disclaimer or the product's label or to make a representation or recommendation different or inconsistent with the label of this product. To the extent consistent with applicable law, INNICTIS BioScience Plant Health Technologies' maximum liability for breach of its warranty or for use of this product, regardless of the form of action, shall not exceed the purchase price of this product. To the extent permitted by applicable law, INNICTIS BioScience Plant Health Technologies shall not be liable for consequential, special, or indirect damages resulting from the use, handling, application, storage, or disposal of this product or for damages in the nature of penalties, and the buyer and the user waive any right that they may have to such damages. If the warranty and liability limitations or disclaimer are not acceptable, return the unopened container to the place of purchase for full refund. To the extent not inconsistent with applicable law or the label, the purchase, delivery, acceptance and use of this product by the buyer is subject to the terms and conditions of seller's sales invoice for this product.
