NUTRIENT MANAGEMENT ENHANCEMENT

RD 053025

DIRECTIONS FOR COMMERCIAL USE:

EVANESS needs adequate soil moisture to work. Dry soils should be irrigated or product should be applied prior to a rain event.

For annual crops - the most effective time to apply **EVANESS** is at or immediately post harvest. Chopping and discing crop residue will increase the speed at which **EVANESS** works but is not necessary for the product to work. **EVANESS** will work effectively in no-till agriculture.

For perennial crops - EVANESS can be applied at any time during the growing season where compost, cover crops, wood chips or other residue needs to be broken down.

APPLICATION RATE RECOMMENDATIONS:

Apply **EVANESS** at 1-2qts/ac. **EVANESS** can be applied by ground or aerial application or via irrigation equipment. If soil surface is dry, it is recommended to apply **EVANESS** with adequate water to wet soil surface. If soil moisture level is adequate or if crop residue will be tilled or disced under, minimal water is needed during application.

STORAGE & DISPOSAL:

Store product in original container tightly closed, upright, in a dry place. **DO NOT** store in excessive cold or heat. **DO NOT** reuse container. **DO NOT** contaminate water, food or feed by storage or disposal. Triple rinse or equivalent and dispose of container in accordance with local, state and federal regulations.

WARRANTY, DISCLAIMER AND LIMITATION OF DAMAGES

INNICTIS BioScience Plant Health Technologies warrants only that this product conforms to the product description on the label and is reasonably fit for the purposes stated in the Directions For Use. The Directions for Use of this product are believed to be adequate and must be followed carefully. It is, however, impossible to eliminate all risks associated with this product. Crop injury, ineffectiveness, or other unintended consequences may result due to such factors as weather conditions, presence or absence of other materials, or the manner or use or application, all of which are beyond the control of INNICTIS BioScience Plant Health Technologies.

All such risks must be assumed by the buyer or user. Except as warranted on this label, INNICTIS BioScience Plant Health Technologies makes no representation, warranty or guarantee, whether expressed or implied including, but not limited to, warranty of merchantability, fitness for a particular purpose, or otherwise. No agent or representative of INNICTIS BioScience Plant Health Technologies or the seller of the product is authorized to amend the terms of this Warranty disclaimer or the product's label or to make a representation or recommendation different or inconsistent with the label of this product. To the extent consistent with applicable law, INNICTIS BioScience Plant Health Technologies' maximum liability for breach of its warranty or for use of this product, regardless of the form of action, shall not exceed the purchase price of this product. To the extent permitted by applicable law, INNICTIS BioScience Plant Health Technologies shall not be liable for consequential, special or indirect damages resulting from the use, handling, application, storage, or disposal of this product or for damages in the nature of penalties, and the buyer and the user waive any right that they may have to such damages. If the warranty and liability limitations or disclaimer are not acceptable, return the unopened container to the place of purchase for full refund. To the extent not inconsistent with applicable law or the label, the purchase, delivery, acceptance and use of this product by the buyer is subject to the terms and conditions of seller's sales invoice for this product.
